## Message From the Chair

Michael Bubr

Not only has another year quickly passed us by, but another decade has managed to escape our grasp without much fanfare, save for a few gray hair! The Foundation has fared-well managing growth during this period while maintaining our mandate and keeping true to our mission.

In the past 24 months we have been witness to some extraordinary events on the capital markets and the world stage in general. Early in 2009, the daily headlines and nightly newscasts bombarded us with incredible proclamations of doom competing for our increasingly sought-after attention. The pawl of pessimism which was so prevalent not-so-long-ago has slowly given way to the realism of optimism and opportunity. Throughout this tumultuous phase, as a result of the Board exercising prudence and being responsible stewards of the assets of the Foundation, we have been able to protect the capital entrusted to us to further benefit the community for future generations.

This important groundwork is the underpinning of our newest fund development goal..."Drive for Five". Stated simply, we plan to increase the endowment funds of the Foundation to \$5 million by 2015. This will be accomplished through effective practice, policy, and procedure in the everyday management of the Foundation...and with your help. In its short 14 year history, the Foundation has distributed almost \$900,000 in the community and will continue to increase our grant-making commitments each year. In order for the Foundation to reach its target of \$5 million and make a difference in our communities along the way, your continued and increasing support is essential to our success. If you have given in the past, we ask you to give again. If you have not yet given to the Foundation, we ask for your serious consideration.

We are fortunate to live in a vibrant community in a nation where the basic tenets of peace, security, and opportunity abound and where we have an abundance of forward-thinking and generous benefactors allowing the important work of the Foundation to continue and prosper.

I would like to extend my sincere gratitude to our donors, the Board of Directors, our partners and volunteers, and our Executive Director for another successful year.

### 2009-2010 Board Members

Back Row: Rob Cox, Mark Webster,  
 Joe Smolinski, Frank Wellink,  
 Bill Bodman, Ruth Konzelman  
 Front Row: Bev Clegg  
 (Foundation Staff), Michael  
 Bubr (Chairman),  
 Bev Stewart, Lesli Malegus

## Making a Difference in the Community

Foundation members are often asked - "If I donate to the Foundation where does my gift go"? And we easily answer, "Your donation goes back into the community where it helps many different local charities to deliver and expand their programs. The funds available for this community giving are here today and forever". Here are a few projects funded by the Foundation, because your donation is making a difference in the community.

### Literacy Lasts a Lifetime

Can you imagine, and maybe you know, how excited a young child is when they get their own mail. Then can you imagine how excited that child is when they open the mail and find their very own book, ready to be read to them or to look at themselves. This is exactly what the Selkirk Imagination Library is all about; to support pre-school literacy by providing all registered children with one free book per month from birth to age 5. What a great way to develop a love of reading and help prepare children for kindergarten.

### Gateway to the Past

Ensuring the past remains in the present, the R.M. of St Clements Heritage Advisory Committee has embarked on a project that will retell local historical stories to the students of the "east-side", Lord Selkirk School Division students and beyond. The Advisory Committee along with local historian and author Donna Sutherland will be preparing these stories for digital and computer publications with the release of the stories in the early fall of 2010.

### Food For Thought

The Selkirk Food Bank continues year after year to provide valuable service to the community. Over the past two years this organization has experienced a steady increase of local families needing their assistance. This year the Foundation provided funds to assist the Food Bank in providing daily perishable items, which typically must be purchased, like meat, milk, and baby formula. Marv Terhoch of the Food Bank had this to say "The Foundation's funding will not only help the Food Bank provide essential foods for local families but just as importantly it has opened doors to pursue our capital campaign for a much needed new building. We are thrilled to have the Foundation as one of our community partners".
