

# Selkirk + District COMMUNITY FOUNDATION

HERE FOR GOOD

**We create.**  
**We connect.**  
**We grant.**

## **We create different ways for you to give.**

Our donors support our community in many different ways. Some donate to support children, the environment, arts or sports. Some of our donors want to give a little bit every year; others plan to leave SDCF something in their will. No matter how our donors want to be "Here for Good", we create different ways for them to give.

## **We connect donors with community wishes & dreams.**

Every year we invite non-profit organizations serving Selkirk, St. Andrews and St. Clements to tell us about their hopes and plans for the year. That's how we match donors' wishes with community dreams.

## **Our grants touch a lot of people.**

Twice a year we draw on the interest from our \$5 million in assets and distribute thousands of dollars to dozens of good projects in our community.

**We see how it all fits together.**

## **Message from the Chair**

At the Selkirk and District Community Foundation we celebrated 15 years of serving the community with our first "Friends of the Foundation" Dinner. Headlining the evening was former Selkirk lawyer Lewis Wasel, who spearheaded the creation of the Foundation and was the first Chair of the Board. We thanked him for his vision and passion. Before 100 people he graciously accepted our inaugural "Friends of the Foundation" award, to a standing ovation. The evening was an opportunity to recognize some of the important people who have contributed to the success of the Foundation over the years. Some of those stories were captured on video and can be seen on-line at [sdcf.ca](http://sdcf.ca).

In 2011 our assets and granting dollars continued to grow as we served many deserving organizations in the R.M. of St. Andrews, the R.M. of St. Clements, and the City of Selkirk. From an administrative perspective, the Foundation now accepts grant applications twice each year in addition to the annual Western Canada Summer Games intake. This allows us to better fund seasonal projects, from our Community and various Designated Funds. The Foundation takes some pride in the recent funding announcement of the new Regional Library in Selkirk. Though we did not play a financial role in this project, the Foundation's credibility and community leadership allowed us to play a role in connecting donors with community wishes and dreams. It was just another way that your Foundation is—here for good.

**"Our relationship with the Foundation has been one of partnership. We've been lucky to not only receive funds from them for our programs but also have them manage our "Dare to Dream Fund". Which is fantastic because it provides us with a lot more interest then if we were doing it by ourselves."**

*Anna Pazdzierski,  
Nova House Executive Director.*

**"In 2006 our Council decided that we would support the Selkirk and District Community Foundation and do it significantly and lead by example. So our decision was to commit \$25,000 a year for the duration of our four-year mandate and designate that money to be used exclusively for our community clubs in perpetuity. I'll be dead and the Foundation will still be giving money to the community clubs."**

*Don Forfar,  
Reeve of St. Andrews Municipality.*

Over 15 years ago Selkirk lawyer Lewis Wasel believed that people in our area had enough community

spirit that we could start our own community foundation. He was right. And in November 2011 the Friends of the SDCF honoured the man who planted a seed in our community that has grown into a \$5 million Foundation. Learn more about Lewis's idea in the OUR HISTORY video on SDCF-TV at [www.sdcf.ca](http://www.sdcf.ca)

*Photo: Lewis Wasel at the awards dinner with early donors Jim and Betty Ann Gaynor (left) and friends Sandy and Murray Hyman (right.)*

In the summer of 1995 Selkirk resident Roberta Chic suggested to her neighbours that \$40 left over from a retirement party for two friends should go to the newly-created Selkirk & District Community Foundation. The Foundation was so new that we couldn't issue them a receipt because our charitable status had not yet been completed.

Meet Roberta and some of our early donors in the OUR HISTORY video at [www.sdcf.ca](http://www.sdcf.ca)

**"By connecting with the Foundation that looks at lots of programs, donors can come in, put their money in and it is then filtered through to programs. It opens up the doors for us to communicate what our needs are and wants are."**
